Life on Camp

During camp, supervision and presence is a 24h matter. This is why a precise schedule for the staff is difficult to implement.

The day is divided in 3 sessions (Morning, Afternoon, Evening) and every staff member works during 2 of these 3 sessions. Morning starts with wake up and breakfast, whilst evening finishes with Lights out duty. In general the SLC monitor will be asked to supervise / accompany activities either in the afternoon or the evening from Mon-Fr. This enables every staff member to benefit from free time during the camp. However on some occasions he/she could be asked to work more or at specific events due to camp organisation or special activities (ex: airport transfer, medical visits parties, lights out duty, issues at night, Aquaparc, etc.)

Duration Minimum 2 weeks / Saturday to Sunday (6:00 PM) incl.

Days off 1 day / week every full weekend (as of 2 weeks) Sat. or Sun.

N.B: An information day will be scheduled before the summer period in Montreux. Monitors wishing to join are most welcome but the day is not compulsory.
